## Debris Pick up Deadline – October 29<sup>th</sup>

The Town of Newport is asking all residents to put their debris by the side of the road no later than October 29<sup>th</sup>. We are nearing completion of our debris collection efforts with our contractor. It is important that debris be separated in different piles for vegetative, construction & demolition and white goods. Please do not mix in household hazardous waste or appliances because this slows down debris pick up. Help us keep everyone safe by not piling debris under power lines. We urge you to wrap up as quickly as possible since we still have the heavy equipment to pick up large piles of debris.

Residents can take debris to the site on Carl Garner Road. There is no fee from the County for disposing of debris at the temporary sites.

Just as a reminder, FEMA is still operating a Disaster Recovery Center at Newport Town Hall. Hours of operation are 9-7 – Monday to Saturday and 9-1 on Sundays. The deadline for registration at [www.disasterassistance.gov](http://www.disasterassistance.gov) is November 13<sup>th</sup>. Contact FEMA at 1-800-621-3362 for assistance.
